

**THE
SHARK
JUST
GOT AN**

**EVEN
STRONGER
BITE.**

SharkBite Max™

**The new SharkBite Max™
push-to-connect fitting
has double the burst
pressure and allows you
to make pipe connections
with half the insertion effort.****

Featuring new, patented technology including a stainless steel retainer, SharkBite Max delivers additional strength and durability.

The re-engineered design means you can insert the pipe using less effort and it doesn't require a PEX tube liner. No soldering, clamps, unions, glue or special tools are required for installation.

It's the fastest way to connect PEX, copper, CPVC, PE-RT or HDPE pipe.*

2X THE BURST PRESSURE

1/2 THE INSERTION EFFORT

25 YEAR
WARRANTY

WHEN USED WITH PEX,
COPPER, CPVC & PE-RT PIPE

STAINLESS STEEL
RETAINER FOR ADDED STRENGTH & DURABILITY

**NO SPECIAL TOOLS, CRIMPING,
SOLDERING OR GLUE REQUIRED**

**PATENTED
